**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES**

**To the Board Members
Louisiana State Board of Chiropractic Examiners
Baton Rouge, Louisiana**

We have performed the procedures enumerated below as they are a required part of the engagement. We are required to perform each procedure and report the results, including any exceptions. Management is required to provide a corrective action plan that addresses all exceptions noted. For any procedures that do not apply, we have marked "*not applicable*."

Management of the Louisiana State Board of Chiropractic Examiners (the Board) is responsible for its financial records, establishing internal controls over financial reporting, and compliance with applicable laws and regulations. These procedures were agreed to by management of the Board and the Legislative Auditor, State of Louisiana, solely to assist the users in assessing certain controls and in evaluating management's assertions about the Board compliance with certain laws and regulations during the year ended June 30, 2014.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

General

1. Determine if there are adequate written policies and procedures for the primary financial/business functions of the entity (budgeting, receipts, purchasing, disbursements, payroll/personnel, contracting, travel, related parties, and ethics).

Written policies and procedures were reviewed and determined to be adequate for all primary financial/business functions.

2. Using the financial statements or AFR, perform analytical procedures comparing current and prior year financial statements, by line item. Identify and obtain explanations for variances of 10% or greater for line items that are 10% or more of the respective total assets, liabilities, equity, revenues, or expenses.

Explanations were obtained for all variances of 10% or greater for line items that were 10% or more of the respective total assets, liabilities, equity, revenues, and expenses.

Cash

1. Prepare a proof of cash for the period covered by the financial statements.

A proof of cash was prepared for the period covered by the financial statements without exception.

2. Determine if cash collection responsibilities are adequately segregated to ensure that the person responsible for cash collections is not responsible for posting accounts receivable or making deposits.

Due to the limited number of employees within the Organization, the person responsible for posting cash collections occasionally makes the deposit.

3. Determine if bank reconciliations have been prepared for all months in the period covered by the financial statements. Determine if there is evidence of management review of the bank reconciliations. Determine if the reconciled balance for the final month of the fiscal year agrees to the general ledger.

Bank reconciliations were prepared for all months covered by the financial statements. Due to the limited number of employees within the Organization, the Executive Director reconciles the bank statements each month. As a result, there is no indication of management review of the bank reconciliations. The reconciled balance for the final month of the fiscal year did agree to the general ledger.

Credit Cards

1. Obtain from management a listing of all active credit cards (and bank debit cards if applicable) for the period under examination, including the card numbers and the names of the persons who maintained possession of the cards.

Not applicable.

2. Obtain the monthly statements for all credit/debit cards used during the period under examination and select for detailed review the largest (dollar amount) statement for the two cards with the most (dollar amount) activity:

A. Obtain the entity's supporting documentation for the largest purchase/charge shown on each selected monthly statement:

- Determine if each purchase is supported by:
 - An original itemized receipt (i.e., identifies precisely what was purchased)

Not applicable.

- Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating)

Not applicable.

- Other documentation as may be required by policy (e.g., purchase order, authorization, etc.)

Not applicable.

- Determine if selected purchases effectively circumvented the entity's normal procurement/purchasing process and/or the Louisiana Public Bid Law (i.e., large or recurring purchases requiring the solicitation of bids or quotes).

Not applicable.

- B. Determine if there is evidence of management review of the two selected statements.

Not applicable.

Travel and Expense Reimbursement

1. Obtain a listing of all travel and related expense reimbursements during the period under examination and trace to the general ledger for completeness. Select for review the three persons who were reimbursed the most money:

The list of all travel and related expense reimbursements was obtained and traced to general ledger without exception.

- A. Obtain all of the expense reimbursement reports of each selected person, including the supporting documentation, and choose the largest expense report from each person to review in detail:

- Determine if each expenditure is:
 - Reimbursed in accordance with written policy (e.g., rates established for meals, mileage, lodging, etc.) and applicable laws

During the period under examination, it was noted that the Board reimbursed the Executive Director for airline tickets to a Board authorized regulatory conference that were not purchased through the state contracted travel agency. All remaining expenditures were reimbursed in accordance with written policy.

- For an appropriate and necessary business purpose relative to the travel

All expenditures reimbursed were for appropriate and necessary business purposes.

- Determine if each expenditure is supported by:
 - An original itemized receipt (i.e., identifies precisely what was purchased)

One item reimbursed was not supported by an original itemized receipt but did include a handwritten, dated and signed receipt.

- Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating)

All expenditures documented the business/public purpose of the expenditure.

- Other documentation as may be required by policy (e.g., authorization for travel, conference brochure, certificate of attendance, etc.)

All expenditures included documentation required by policy.

- Determine if each expense report (including documentation) was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Of the three expense reports reviewed, two were approved in writing by someone other than the person receiving the reimbursement. The third report, which was the expense report of the Executive Director, was approved by the Executive Director.

Contracts

1. Review accounting records (e.g., general ledgers, accounts payable reports, etc.) for the period under examination to identify individuals/businesses being paid for contracted services (e.g., professional, technical, etc.). Select the five “vendors” that were paid the most money during the period and determine if there is a formal/written contract that supports the services arrangement.

We reviewed the accounting records for the period under examination to identify individuals/businesses being paid for contracted services. Three vendors were identified that were paid for contracted services during the period. Two of the three vendors had written contracts; however, based on the dollar amounts of payments made, the third would not require a contract.

Not applicable.

- If no, determine if the entity provided an open and competitive atmosphere (a good business practice) for the transaction/work.

Not applicable.

- Determine if the contract was amended. If so, determine whether the original contract contemplated or provided for such an amendment. Furthermore, determine if the amendment is outside the scope of the original contract, and if so, whether it should have been separately bid and contracted.

2. Select the attendance and leave records for one pay period in which leave has been taken by at least one employee and:

- Determine if all employees are documenting their daily attendance and leave (e.g., vacation, sick, etc.). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. Corrective Action

1. Obtain management's response and corrective action plan for any exceptions noted in the above agreed-upon procedures.

Cash

Finding: The person responsible for posting cash collections occasionally makes the cash deposit.

Response: The Board will make every effort to segregate these duties however due to the limited number of staff there are instances where these duties will not be able to be segregated.

Finding: Bank reconciliations do not indicate evidence of management review.

Response: Due to problems experienced reconciling the account during the year, the Board was unable to implement its planned corrective action in this area. The corrective action will resume at the next scheduled Board meeting since computer software issues have been resolved.

Travel & Expense Reimbursement

Finding: During the period under examination, it was noted that the Board reimbursed the Executive Director for airline tickets to a Board authorized regulatory conference that were not purchased through the state contracted travel agency.

Response: Due to the last minute scheduling of the authorized attendance of the two Board representatives, the plane tickets were secured directly from the airlines at a cost savings to the Board.

Finding: One item reimbursed was not supported by an original itemized receipt but did include a handwritten, dated and signed receipt.

Response: The Board member for whom the reimbursement was prepared submitted a handwritten, dated and signed explanation stating he had lost the baggage receipts for fees charged by the airlines for his bags. This declaration was attached to the reimbursement paperwork and presented to the auditor.

Finding: The expense report of the Executive Director was not approved by another person.

Response: Since the Board is audited annually, this paperwork can be routinely reviewed through the audit process and subject to scrutiny by the auditor, further, the Board reviews the monthly financial statements at its Board meetings.

Prior Year Findings

1. Prepare a schedule of prior findings or a statement that there were no prior findings.

Cash

Finding: The person responsible for posting cash collections occasionally makes the cash deposit.

Response: The Board will make every effort to segregate these duties however due to the limited number of staff there are instances where these duties will not be able to be segregated.

Status: Unresolved.

Finding: Bank reconciliations do not indicate evidence of management review.

Response: At the present time, the Executive Director reconciles the bank statement each month and the reconciliation is not reviewed. This was noted in the prior year report and the planned corrective action was for the Treasurer of the Board to review and approve the monthly bank reconciliations. However due to software problems, reconciliations were not completed until late in the year and the planned reviews did not occur. The Board will implement this policy in the 2013-2014 fiscal year.

Status: Unresolved. See current year finding and corrective action.

Other
